

Heightened Safety Measures

Advanced Personal Protective Equipment (PPE)

We are providing additional personal protective equipment for therapists, conductive education teachers, staff, children and families.

Enhanced Infection Control

Increased efforts to help keep classrooms, communal areas and therapy equipment clean and safe.

Comprehensive Screening

Health screenings to help assure the health of children, therapists, conductors, staff and families.

Updated Conductive Education Protocols

We have re-imagined the Center programs to minimize interactions and manage risk.
